WACO, TEXAS, TUESDAY MORNING, JUNE 11, 1912

THE OFFICIAL PUBLICATION OF WACO. VOLUME 1, NUMBER 238

The High-Speed Machinery Ordered Built Several Months Ago by the Morning News Was Unloaded From Cars Monday. This Splendid Plant Actually Lifts Waco From Third to First or Metropolitan Class in the Largest Field in the United States Formerly Stagnated and Thwarted by a One-Paper Control. The News is Positively Now the Only Waco Paper That Can Possibly Carry the Complete Dispatches of the Associated Press, the Largest News-Gathering Association Known to Present-Day Journalism, Every Day.

COMMITTEE SLIPS TAFT TWELVE CONTESTED VOTES OF INDIANA OVER PROTEST OF T. R. FORCES

Affidavits of Roosevelt Delegates Not Admitted; Majority Members Later Reverse Decision and Are Taunted With Cowardice.

"YOU ARE WORST SCARED LOT I EVER SAW"—BORAH

TAFT CAN'T WIN HONESTLY SAYS ROOSEVELT

**TEDDY DECLARES PRESIDENT
NOMINATED BY REVISING
PEOPLE'S WILL.**

**Note Support Roosevelt and "Rotten Hor-
ough States" Without G. O. P.
Electoral Vote.**

New York, June 10.—Theodore Roosevelt's political conditions at Chicago in an article entitled "A Naked Issue of Right and Wrong," which may be published to- night and to appear in the current issue of the Outlook. Mr. Roosevelt says in part:

"The contest for the republican nomination has now narrowed down to a naked issue of right and wrong. For the issue is simply whether or not we shall permit a system of naked fraud, of naked theft from the people, to triumph.

"I have made this contest on two great principles—first, the right of the people to rule, and therefore, in the exercise of their deliberate judgment to control their government and their governmental affairs; and second, their duty to do no wrong, but to bring about not only political, but social and industrial justice.

"I have endeavored everywhere to appeal, not to the politicians, but to the people, and to get their judgment, stating scores of times that I would do my best to convert them to my way of thinking; that I should acquiesce as a matter of course in their judgment if it was adverse, but that if their judgment was favorable I would not tamely submit to an effort of the politicians to throw aside the verdict of the people and substitute a fake verdict of their own. This is precisely what Mr. Hanna, Mr. McKinley and their assistants and representatives on the national committee at Chicago are now doing."

After discussing the primaries in detail, Mr. Roosevelt continues: "The recapitulation, then: In the republican states which have held direct primaries, nearly two and a half million republicans have voted, and of those nearly two-thirds have voted against Mr. Taft. In the other republican states, where the primaries have been such as to give the people, not an entire chance, but some small chance to express their will, the showing has been almost as heavy against Mr. Taft.

"In the aggregate the vote was nearly two to one against him; in some states it went as high as five or six to one against him. The other states in the north which sent Taft delegates were states in which the republican voters had no chance to vote. Ohio went by over 30,000 majority against Mr. Taft at the primaries, but the Taft managers have refused to permit a vote to be taken at the primaries for the delegates at large, and in the state convention, by adroit political trickery, they sent six Taft delegates to vote at Chicago for the man whom his own state had just repudiated by 30,000 majority.

"I fall myself to see how an honorable man can profit by or take part in such a piece of trickery as this Ohio state convention 'victory.' In the same way I fall to see how an honorable man can profit by or con- sider or approve of the farcical New York primaries. But the case was far worse in Washington, in Indiana and in Michigan. In many of these cases the Taft delegates represent absolutely nothing but fraud, as vulgar, as brazen and cynically open as any ever committed by the Tweed regime in New York.

"Mr. Taft can not be nominated unless he gets the overwhelming majority of the rotten borough states, which never cast a republican elec-

By The Associated Press.

Chicago, June 10.—Today's work of the republican national committee added twelve more delegates to the catalogue of the Taft strength on the temporary roll of the national republican convention.

The much discussed Indiana con- tests came before the committee and were decided all in Taft's favor.

With the seventy-two delegates comprised in the southern contests decided last week in the Alabama, Arkansas, Florida and Georgia cases, today's gains make a total of eighty-four delegates added to the Taft forces by the work of the national committee and the 201 in- structed and uncontested delegates credited to him, they bring his present total on the temporary roll up to 285.

While a large proportion of the contested seats among the 170 cases still to be passed on by the committee represent delegates instructed for Taft, the precise number is the subject of much dispute, nor can it be stated how many of these contests Taft will win.

The cases decided today were those of the Indiana delegation at large, four in number, headed by Col. Harry S. New, chairman of the convention committee on arrangements, and included former Vice President Fairbanks, and the district delegations of two each from the First, Third and Thirteenth districts.

The contest in the Fourth district was withdrawn and the committee confirmed the two sitting (Taft) delegates.

The real fight of the day in the committee came, not on the delegates at large, where it had been expected (the committee was unanimous in giving them to Taft), but over the seating of two Taft delegates from the Taft delegates from the Thirteenth or South Bend district.

Attempts of the Roosevelt attorneys to introduce certain affidavits declared by them to bear the signatures of a majority of the delegates to the district convention at South Bend, at which the Taft delegates were chosen, precipitated the only sensational interchange of the day and occasioned a sudden reversal of the president's adherents.

Senator Borah taunted the Taft men about it, telling them they changed front because they were scared. "The worst scared lot of men I ever saw," he said.

When they are heard, the Taft men denied that any special light had been thrown upon them. They insisted that their first vote against admitting the affidavits was because of their desire not to delay the hearing by the necessity of giving the Taft side an opportunity to answer them or to create a precedent which would be embarrassing in later cases. Their reversal of the vote was coupled with a specific declaration that it was not to be regarded as a precedent. In this form the Roosevelt men all voted against it.

So the committee heard the affidavits, with verbal testimony in contradiction of their allegations, and then voted to seat the Taft delegates. The vote, 36 to 14, represents what has been the line-up between the factions ever since the committee came together.

This was not the first battle of the day, however. Before the Indiana cases were taken up the committee came near a turbulent scene. A motion by Senator Crane of Massachusetts to postpone until Wednesday the case of the Fifth district of California, at the request of former Senator Dick, the Taft contest leader, met the opposition of the Roosevelt forces. In the roll call on the California postponement the line-up was 38 to 12, the personnel on each side being substantially the same as in the other divisions on factional lines.

House Grills Committee.

In the arguments upon admitting the affidavits of the Roosevelt delegates, Senator Borah warned the Taft men upon the committee that it would be folly for the republican party to appeal to the country in the election with the results of a questionable convention, which, he charged, the course they were pursuing would bring.

"I have no doubt that the majority of this committee favors the nomination of President Taft, and if so, they are more concerned to have the

Strikers Try to Break Up Dinner Given to the German Fleet Visitors

By The Associated Press.

New York, June 10.—A demonstration by striking waiters of the city outside of the Waldorf-Astoria hotel tonight, during the dinner given by Mayor Gaynor to officers of the visiting German squadron, resulted in scenes of violence and rioting.

The army of policemen, including the "strong arm squad," picketed the streets in the vicinity throughout the banquet to avert further trouble, and in two raids upon the mob the police carried away in patrol wagons 125 prisoners, many charged with disorderly conduct.

Whatever the plans of the waiters may have been, they were averted by the police protection and unusual co-operation of hotel managers throughout the city.

Trouble had been expected and more than a score of hotel proprietors appeared personally at the Waldorf with delegations of trusted waiters, all ready to place their battalions in the field if the Waldorf-Astoria forces walked out.

The grand ball room, in which the banquet was held, was guarded at every entrance by special policemen. Those at the tables were not greatly disturbed and the dinner was carried out as planned. However, Police Commissioner Waldo, a guest at the dinner, had to leave and personally take charge of the situation outside.

In the mob which first gathered there were probably 300 men, most of whom wore buttons inscribed "I Am a Striking Hotel Waiter." The police charge that the organization was directly back of the movement to break up the banquet. When the police had been mobilized from several stations, they found the striking waiters running about excitedly, apparently seeking to communicate with the waiters in the banquet hall.

Strong arms were laid on those who attempted to enter the hotel and many arrests were made. Thousands of onlookers gathered in Fifth avenue and the cross streets, and reserves had to be called to handle them.

Not until the banquet was over and the guests had departed was quiet fully restored.

Another Wise Gink Bites the Dust; It Didn't Rain June 10

His bright straw hat setting jauntily upon his southwest ear, a black Havana protruding from the northeast corner of his smiling lips, a man attired in a natty summer seersucker suit sat in a conspicuous chair in the lobby of a Fourth-street hotel.

"Well, of course \$10 is only a mere bag of shells, but it sure does me good to put one over on one of these sure-thing ginks, that is always wearing a self-satisfied air, and an I-am-it and the o-o-o-o smile. To be brief and shorten the otherwise long story, and cut the climax, I am just beginning to remark that this is one June 10 that it failed to rain.

"In other words, I am trying to break it to you gently—I was the \$10. I am going to have it framed and hung in my library at home, always and ever remind me that so long as sure things grow, I shall never be broke, and may they multiply and replenish the earth.

"Did you ever hear that old and frazzled proverb, about Texas weather, and the stranger or otherwise, who would dare predict?"

Farmer Says Men Planned to Rob and Then Capsize House

How would you feel if you awoke out of a dead sleep and heard two men calmly discussing the robbery and overturning of your house?

Henry Lee Duke and Frank Stager, farmers, who say they reside in the Ghoslon community, were yesterday arrested by Deputy Sheriff Phil Hobbs and Deputy Constable E. H. Smith. The men are charged with burglary in connection with the alleged attempt to break into the Bedford grocery, on the Bosqueville road, 3 miles northeast of the city, early Sunday morning.

Mr. Bedford, who sleeps in his store, stated that he heard an unusual noise in the front part of his place. Presently he heard two men conversing, and it was when he heard a voice say: "We will just take everything in sight and then turn the dump over," that he awoke.

He says he was just in time to prevent his house being overturned. Poles were found in a leveraged position which Mr. Bedford said he believed indicated that within a few moments his store building would have been turned topsy-turvy.

Duke and Stager refused to discuss the case yesterday.

EIGHT PERSONS SLAUGHTERED IN THEIR BEDS

**WHOLE FAMILY IN IOWA TOWN
SLAUGHTERED—NO TRACE
OF ASSAILANT.**

**Authorities Wonder If Tragedy Is Se-
quel to Series of "Axman's"
Crimes.**

By The Associated Press.

Villisca, Iowa, June 10.—Has the dreaded "ax man" who has at intervals during the past few years in different parts of the country murdered whole families with indescribable atrocities, appeared in this place? The authorities believe he has.

Joseph Moore, a Villisca business man, his wife and four children, ranging from 6 to 11 years, and two young women, Misses Edith and Blanche Spillinger, were found murdered in their beds without a clue to establish the identity of the assassin. The bodies were terribly mutilated and an ax covered with blood and hair was found. Search is being made by the police for one person. No robbery was committed.

Remembers Other Slaughters.

All the circumstances of the tragedy resemble those of the series of family murders, occurring in half a dozen different states, the last one being in Kansas, in all these cases authorities have been unable to trace the crime to the perpetrator, who is believed to be a madman, as cunning in eluding the authorities as he is ferocious in his lust for slaughter.

Only one of the bodies showed indications of a struggle. One of the Spillinger girls lay with one arm thrown out as though she had awakened and tried to ward off the murderous blows. A small cut on her arm seems to confirm this impression. All the other bodies lay in natural positions of slumber. The bed covers had not been disarranged.

Find Bloody Finger Prints.

A lighted kerosene lamp was found on the floor in the middle of the room occupied by Mr. and Mrs. Moore. The only clues to the slaying so far discovered are the bloody finger prints in different parts of the house. All are being carefully preserved and an expert has been summoned to take impressions of them.

All outside doors were locked and all windows fastened except two in the room occupied by the Spillinger girls. Window shades all over the house were carefully drawn. These are similar precautions taken in each of the previous atrocities.

Inquiry has convinced the authorities that no other visitor was at Moore home last night up to the time the family retired. The house stands among a number of residences and not one of the neighbors heard an outcry last night.

Unarmed Prisoners Made to March in Van of Rebel Host

By The Associated Press.

Mexico City, June 10.—A special to Imperial from Santa Rosalia today says that in Orozco's vanguard in its progress southward, were 166 prisoners, among them some prominent persons of Chihuahua who are being forced to march unarmed in the advance of the rebels. A Chihuahua merchant named Augustin Labasant, who alleges that he was one of them but who says he managed to make his escape into the federal lines, brought the story.

The Imperial correspondent said that Campa, with 1000 men, had abandoned the Torreón district and was making his way to Chihuahua, leaving Agumendo and other chiefs cut off from the main rebel body. Campa was said to have been last night at Enraccada, east of Diaz on the central.

COULON NEARLY DROWNED.

By The Associated Press.

New York, June 10.—Johnny Coulon, bantamweight champion, narrowly escaped drowning near New Bern, Staten Island, today. Coulon went out alone in a row boat which capsized. He cannot swim and a life-guard rescued him.

GOVERNMENT PREDICTION.

Washington, June 10.—Forecast: West Texas—Generally fair Tuesday and Wednesday.

East Texas—Rain near the coast, probably fair in the interior tomorrow.

.....

WHISTLES' SHRILL BLASTS CELEBRATE ARRIVAL OF NEWS' METROPOLITAN PRESS

**ENGLAND FACING
A WALK-OUT OF
300,000 MEN**

**TRANSPORT WORKERS IN EVERY
PART OF KINGDOM RECEIVE
ORDER TO STRIKE.**

By The Associated Press.

London, June 10.—Three hundred thousand transport workers in this island will give up their jobs and all foreign and coastwise shipping will be tied up indefinitely if the union men obey the orders of the general council of the transport workers, which tonight sent telegrams to every port in England, Scotland and Wales calling for a national strike.

The ship owners today decided to reject a compromise which the government has been attempting to arrange, providing for a general organization of the employers to treat with the unions, with money guarantees by both sides as insurance against violations of agreements. The employers maintain that their interests are so diverse that any organization embracing all would be impossible.

When the federation council learned of the employers' decision it sent telegrams broadcast, recommending a general stoppage at once. The transport federation comprises the sailors and firemen's union, dock, wharf and river workers, gas workers, water men and lighter men, stevedores, engine men and laborers belonging to smaller unions, aggregating nearly 300,000.

It is not known whether the railroad men will participate in the strike. The executive body of the Amalgamated Society of Railroad Servants will consider the question at the earliest opportunity.

KNOX REASSURES CUBA INTERVENTION BUGBEAR

**TELLS MINISTER COUNTRY RE-
LUCTANT TO INTERFERE
IN ISLAND.**

By The Associated Press.

Washington, June 10.—The presence of American battleships in Havana harbor this afternoon may be regarded as greatly diminishing the likelihood of intervention in Cuba, according to the construction placed upon that fact by the administration.

It is felt that the mere presence of the two warships will restrain the restless and excitable element of Havana. Secretary Knox, who all along has lost no opportunity of declaring against any purpose to intervene politically in Cuba unless absolutely driven to do so by the failure of the Cuban government to uphold the law and protect life and property, felt called upon today to renew that assurance directly to the Cuban people, through Ortes Ferrera, speaker of the Cuban house of representatives. And he also let it become known to the American people, not only that the United States does not contemplate intervention, but that he believed that the Cuban government would be able itself to suppress the insurrection.

CUBANS FEAR INTERVENTION.

It is Hoped Washington Will Not Order Such a Move.

By The Associated Press.

Havana, June 10.—Interest in Havana centered tonight in the probable outcome of Colonel Roestes Ferrera's mission to Washington, which is generally believed to be for the purpose of convincing the American government that there does not exist any necessity for intervention. The campaign on Oriente and all questions bearing on the race animosities have become insignificant as compared with the possibility of intervention. The impending arrival of the battleships Nebraska and New Jersey from Key West tends to strengthen the belief that the United States is about to intervene. Disturbances in Havana have been dissipated by the arrival of the Washington and the Rhode Island this afternoon. None of the American blue jackets were allowed ashore.

**Hundreds of Congratulations Received by the
Publishers—Erection of New High-Speed
Plant Will Be Rushed.**

EVENT TO BE MARKED BY ISSUING COLOR EDITION

Why did the whistles blow?

That was the question asked by thousands of people in Waco yesterday afternoon.

The answer was:

"Why, The Waco Morning News' high-speed Goss perfecting printing press, the first color, metropolitan press ever shipped to Central Texas, has arrived and is being hauled by Jim Wright to the News' three-building plant on North Fifth street."

A good many of the loyal manufacturers of Waco were delighted to blow their whistles in celebration of the fact that the Waco Morning News had actually lifted Waco from the third to the first or metropolitan class in the newspaper field of Texas.

Among those who helped The News in celebration of the permanent asset for Waco were:

T. H. Kessler & Co., planing mill, Seventh and Mary.

William Cameron Lumber Company.

Big Four Ice and Cold Storage Company, Eighth and Franklin.

G. M. Luedde, Annheimer-Busch Company, 401 South Ninth.

C. H. Cox & Co., candy manufacturers, Seventh and Mary.

Ronan Grocery Company, South Fifth street.

Dr. Peppy Company.

Success Attracts Attention.

The simple fact that so many morning papers had been put out of business by the shut-out competition in Waco, and the fact that The Waco Morning News has not only forged to the head of the list in circulation and advertising power in Central Texas, but has attracted attention from all over the state, and now that The Morning News has the only metropolitan color press ever installed in Waco, the first paper within a radius of 100 miles, and the leading advertising medium of all of Central Texas, is recognized as a big resource for Waco.

While it has been less than eighteen months since The News was first projected, it is the only paper now carrying on that can possibly carry the complete dispatches of The Associated Press, the largest news-gathering association known to present-day journalism, every day.

Fully a thousand letters and phone messages of congratulations came to The News during the day on account of its enterprise in bringing to Waco the first metropolitan color press, and lifting Waco from third to the first class in the newspaper field.

Factor In Prosperity.

The handsome, high-speed press of The News is the fastest ever installed in a city of similar size in the Southwest, and will redound permanently to the credit of the city of actualities.

Conrad Malowski, expert erector of the Goss Company, said last night:

"This press is one of the prettiest and fastest I have ever seen. I have been with the Goss factory, largest builders of the best and highest-speed newspaper presses in the world, many years, but I have yet to superintend the mantling of a prettier new press than the one for The News. I have wanted other presses for Mr. Tupper, who has built the largest papers in the western half of the state, but this press is the same of perfection, and I consider the personification of the skill of the Goss Company. Every one in Waco should be proud of this institution and the fact that no expense has been spared in acquiring Waco the best press in the middle part of Texas."

"It will require several weeks to erect the press and have it in perfect operation, but I judge from looking over the solid loads of machinery that arrived today and yesterday that we can expect every thing to run all right. I have erected presses all over the United States and Canada and Mr. Tupper, I believe, has bought our best model. He is a builder of successful papers and Waco is lucky to have him."

"We have a large force at work and will labor night and day to assure completion."

While The News' handsome plant was not hauled in its entirety to its buildings yesterday, the hauling will be completed today, and no energy will be spared to set things in first class condition immediately.

Raises Waco to First Class.

The News has positively lifted Waco from the third class in the newspaper field of the Southwest to the first class, and has bought the high-speed and only metropolitan color press within a radius of 100 miles. In celebration of the event a mammoth edition, the largest ever attempted in this section, will be printed. This will be a big asset and a permanent value to advertise Waco in every city in the United States.

Half of the block whereon the News' three buildings are located is at present blocked with heavy boxes of machinery, but it is expected that by tonight all the machinery will be in the plant of The News.

The sheer fact that the News, within eighteen months after being projected, has not only passed everything in Central Texas, but is far in the lead of any city of its size in the Southwest and has the highest circulation power within a radius of 100 miles, has not only caused the foreign advertisers to drop the regular rule of requiring a paper to live two years before coming in, but has commanded much higher rates in the local field than its competitors and has equipped all records in getting the local advertisers results and in circulation.

Factor In Prosperity.

This goes to show that Waco long since freed of the galling disgraces imposed upon her by being a one-paper town, and has recognized that The Morning News has been a main factor in this new era of prosperity. The thing that held Waco farther back than any other was its shut-out competition in the newspaper field. The News now carries the only complete dispatches of The Associated Press appearing in Waco every day, and has the largest circulation in Waco, and decidedly the most popular medium in the city.

It took The News to tell the truth and now The News carries ten times the report formerly carried by Waco's one paper. The News has established the greatest record in the United States and challenges a denial of the statement.

LEONARD WOOD MAY LOSE ARMY POSITION

Senate Passes Bill That Would Wipe
Out Office of Chief of
Staff.

By The Associated Press.

Washington, June 10.—The senate today by a vote of 27 to 24 adopted the report of the senate and house conferees containing a number of anti-administration provisions on the army bill. One of these provisions would legislate out of office General Leonard Wood, present chief of staff of the army. As agreed to, the bill would require army officers acting as chief of staff after March 4 next to have at least 19 years' service in the line with rank below brigadier general.

LOSES NEWSPAPER DECISION.

By The Associated Press.

New Orleans, June 10.—Jake Abel, of Claitor, La., lost a newspaper decision to Joe Thomas of this city after 10 rounds here tonight.

CHINESE GOVERNMENT CHARGED WITH ATROCITIES

Brutality of Troops in Various Cities of Republic Declared to Be Horrible.

By The Associated Press.

Hong Kong, June 10.—The Chinese assembly at Canton has denounced the action of the governor of Canton in putting martial law into effect.

According to dispatches received here, the brutality that has occurred in the various cities is of a horrible nature. Executions are taking place daily at Wu Chow on the slightest pretext the government troops firing volleys at the victims from a distance of only five yards and their mutilated bodies left on the streets for the pigs and dogs to devour.

Secret meetings have been held by the citizens of Wu Chow to plan vengeance on the officials engaged in carrying out the executions.

THE MISTROT-CALAHAN CO.'S MONEY RAISING SALE

WAS AN INTERESTING TOPIC IN MANY A HOME LAST WEEK, AND THE MONEY-RAISING POSSIBILITIES THE MEANS OF LOOSENING MANY PURSE STRINGS.

IT'S JUST WHAT IT MEANS

A MONEY-RAISING OPPORTUNITY WHICH MAY NEVER BE DUPLICATED. MONEY WE NEED AND MONEY WE MUST HAVE. THE GREAT INCENTIVE IS THE LOW PRICES. WE ARE SIMPLY FOLLOWING THE LINES OF LEAST RESISTANCE.

BARGAIN HANDKERCHIEFS 8c

SUMMER TERM OPENS AT BAYLOR; 300 ENROLLED

NUMBER EXCEEDS TOTAL FOR LAST YEAR'S FIRST DAY BY SIXTY; EXPECT 500

Over 300 students for the summer session of Baylor University on the opening day yesterday and those in charge believe that the total attendance of last year, which was 416, will be exceeded by July 1-6. The enrollment for the first day this year was 60 in excess of that of last year.

The summer school is divided into two sections, that for the normal students and that for the college students, the normal session continuing only six weeks and the college section being twelve weeks in length. The college section constitutes a regular quarter of the college year at Baylor and at least twelve students will graduate with regular degrees at the end of the summer school.

President Brooks and Dean Phelan are well pleased with the character of students enrolled yesterday, as well as the spirit with which they undertook the work of the term and they are anticipating a good summer of pleasant and profitable work.

There will be little formality about the chapel addresses at 9.30 each morning this week, but beginning with next Monday, Dr. S. T. Dutton of Columbia University, star lecturer for the session and acknowledged authority upon educational subjects will speak each morning from 9.30 to 10.30 upon an attractive theme, to follow it up at 5 o'clock in the afternoon with a round table discussion.

The week following Prof. J. F. Kimball, superintendent of public schools at Temple, and president of the Texas State Teachers' Association, will occupy the chapel hour each morning and then lead the round table discussions in the afternoon.

All details of classification will be completed today and tomorrow the work of the summer session will be well under way.

AMBITIONS TO BE A PUG LED TO PRISON

Special to The Morning News.

Muskogee, Okla., June 10.—A young man, a tone time well known in school circles and popular with his friends, who cherished the ambition to become a pugilist, stood before the bar in the district court Saturday and pleaded guilty to robbery. He was sentenced to one year in the state penitentiary.

The young man is Dolah Moore. He fought several battles before Muskogee fans when the fight game flourished here, worked in a few and getting a draw in most of them. When the fighting game died out Dolah took to drugs. He sprang into the limelight occasionally with a challenge, but so weak and so emaciated was the boy that the sporting editors and promoters ignored his defiance. The end came Saturday.

HER FORTUNE TO BELL BOYS.

Special to The Morning News.

Albany, N. Y., June 10.—Politeness to an aged woman has gained fortunes for three affable bell boys, according to a will probated here. The woman was Mrs. Hanna Dwight Green, who was 81 years of age when she died a few months ago.

She divides her estate of about \$69,000 among the three young men, stating that the bequests are rewards to them for the friendship and courtesies they showed her while stopping at the hotels in which she worked. The lucky bell boys are Edwin J. Greenwood, who is employed at a hotel in Littleton, N. H.; George Hedenburg of Providence, and Frank Donagan of Boston.

FIVE RIF IN GRAIN WELL.

Cincinnati, Ohio, June 10.—Five persons perished after being overcome by gas fumes from fermented grain in a grain well the dairy of Jacob Sachs in Fairmount, this city.

Henry Esterman, fireman, who went into the pit to recover the bodies, also was overcome and at the city hospital in a serious condition. The dead are: Mrs. Anna Espe-lange, Mrs. William Koester, Jacob Sachs, Joseph Niehoff and Robert Atkins.

Four of the victims lost their lives in efforts to rescue Sachs, the first victim. The pit was used by Sachs for the storage of wet malt feed, which he fed to his milk cows.

NOTICE.

Last discount day for electric power and gas bills is Monday, the 16th.

10. TEXAS POWER & LIGHT CO.

FROM A WOMAN'S POINT OF VIEW

Lady Tells of Experience of Herself and Daughter With the Use of "Plant Juice."

"I have found your 'Plant Juice' a godsend." Such is the statement of Mrs. G. B. Rogers, residing at 1710 Summer street, Houston, Texas, who has been using the tonic for herself and daughter. She spoke with enthusiasm.

"For myself, I have used the 'Plant Juice' for kidney and bladder trouble. I think I suffered with uric poison, for my nerves were a wreck. My sleep was broken and I was in constant pain night and day with my kidneys. The 'Plant Juice' has stopped that pain. I am resting better and feeling better than I have for some time. This I am thankful for, but every mother should know what 'Plant Juice' did for my daughter. She is 17 years old, and every mother will understand what a critical period that is in a girl's life. It just seems as though we lay the foundation then for a life of pleasure or one of misery. I believe your 'Plant Juice' is a godsend and almost a necessity for girls and women."

Such words as these and of the many others that have been printed in Texas papers have a wide influence, for they come from the people of known judgment and integrity. "Plant Juice" has thousands of such advocates and their number is growing rapidly each day in American cities. Every man or woman who is physically run down, who suffers with indigestion, with malarial troubles, with water brash, has coated tongue, gas, bloating after meals, has heart palpitation and like ills arising from stomach trouble, or who are listless, nervous, overwrought, timid, with shallow complexions, blotches and pimples, who suffer with pains in the back and dull sight, sluggish blood and like distressing ills arising from kidneys and liver will find immediate relief in "Plant Juice." It will quickly tone them up, put new life and energy into them, revivify the fagged and deranged organs and cure them. Call today at Old Corner drug store and try a bottle of Plant Juice.

MILLIONAIRE AN AVIATOR.

Special to The Morning News.

New York, June 10.—To the ranks of wealthy young men whose enthusiasm for aviation as amateur sportsmen had led them to seek aeroplane pilots' licenses, is added F. Harrison Higgins, who is son of the late Governor Francis W. Higgins of New York.

Mr. Higgins is about 27 years old, was educated at Munich. His father, who died in 1907, left an estate estimated at \$16,000,000 to his widow and children.

7 YEARS FOR CHAUFFEUR.

Special to The Morning News.

Boston, June 10.—The heaviest sentence ever imposed in the Massachusetts courts in an automobile case was pronounced by Judge Chase in the superior court when he sent John A. Maloy to state prison for a term of five to seven years upon the man's plea of guilty of manslaughter.

Maloy was operating an automobile on Boylston street on April 27 when he ran down and killed two men. Thomas Donahue and John Connolly, who were repairing street car tracks. It was shown in court that six different complaints for violation of the automobile laws had been made against Maloy.

INFINITY VS. AFFINITY

MARRIAGE WITH YOUR INFINITY IS DELIGHTFUL. BUT AN AFFINITY IS A JOKE OR A TRAGEDY.—Mrs. Selma Lewis.

By Ada Patterson.

Special to The Morning News.

New York, June 10.—"Marry your infinity," said Mrs. Selma Lewis. "Your affinity?" I inquired. "No, your infinity," insisted the beautiful woman, who came into fame by a brilliant address to the Hundred Year Club, and who gives drawing room lectures at her home, No. 30 West Forty-seventh street, on "Beauty Life," or "The Art of Beautiful Living."

The Hundred Year club, members of the board of health, and others have proclaimed this fair-haired lecturer from California a high priestess of the gospel of health and keeping young, or of becoming young after having begun to grow old. By this unusual but welcome fact, Mrs. Selma Lewis has established herself as an authority on the art of making the most of life. And by that token her advice is worthy our attention.

"An infinity is not an affinity. Far from it—as far as the president and Mrs. Roosevelt are from an agreement. An affinity is a joke or a tragedy. An infinity is at once the most serious and delightful thing on earth.

What Infinity is Not. "But let me demonstrate what it is by returning to mathematics. Let us eliminate what the infinity is not. It isn't the person who is in marked contrast to yourself. There is a great deal, some of it scientific, but most of it silly, said about the marriage of contrasts. The attraction of contrasts, I grant you, has been provided for by nature. She has seen to it that the tallest, thinnest blonde will be romantically drawn to a brief and buxom brunette. The blue-eyed woman will greatly admire the man with eyes as nearly black as nature makes them, and the human bean-pole will assuredly be enchanted by his or her rotund opposite. But the attraction is only temporary. It is too violent and exaggerated to last.

"Impulsive persons are most liable to be attracted by their opposites, and impulsive persons are volatile. So we will cast out the opposites or contrasts. They are not our infinities. Their only chance of happy marriage is to wed while they are very young and grow used to their differences. Attraction of Similarity. "Next to our contrasts we are attracted by the persons who are like ourselves. The first attraction is likely to be physical—a woman's admiration for broad shoulders or the man's of a trim waist. But the romantic attachment of similarity has a deeper root, so is of more enduring quality. It is the attraction of similarity in tastes and temperaments. Persons who look alike are apt to think alike. There is more chance for agreement on the everyday affairs of life. It was Elbert Hubbard who discovered this truth.

For the reason there will be less

MRS. SELMA LEWIS.

Lecturer and authority on the art of making the most of life.

self, and they are ideally happy. The Baron Cederstrom has the same tastes and interests, is in all respects entirely in sympathy with her. They ignore the difference in their years. Indeed, the difference does not seem to exist, even to the eye. For she knows the art of rejuvenation, and that art is chiefly philosophy. She believes that mere years signify little. And so they do. For there are years which are heavy and lifeless, when we merely exist. They do not count. They are years of keen suffering. They are destructive. The years that really matter are those in which we live fully, employing our talents and turning a happy, hopeful face toward the world. So all of us can subtract many years from our lives, leaving comparatively few in which we can say "I am so many years old." Mme. Patti has said to me: "We are supremely happy. The baron lives for me and I for him."

Ferdinand De Lesseps at sixty married a girl of twenty. They reared ten children. Persons who knew them well said there was not the slightest question of their happiness.

"Why? Because they were infinities. Find your infinity and there will be no doubt of your happiness. It will be as long as your life.

"The reason the divorce courts are so busy is that we mistake an affinity or a contrast or a similar for an infinity."

LIKE A FLAG OF TRUCE.

Special to The Morning News.

Kansas City, June 10.—The timely wag of his tail yesterday saved the life of a Scotch collie belonging to the Rev. Father Sigismund Pirron, pastor of St. Anthony's Catholic church, Seventh street and Barnett avenue, Kansas City,

Your Physician WILL SAY DRINK A MINERAL WATER.

And he will not hesitate to recommend *Gilson* as a mild laxative and *Sang Chua* as a stronger one. Both are the best of their kind, and it behooves you to keep strong and healthy by drinking freely—of Mineral Waters.

TEA AT HUACO CLUB PROVES GREAT SUCCESS

The opening in the series of teas at the Huaco Club on Saturday was a success far beyond the anticipation of the club members. It is arranged that there shall be a series of Saturday afternoon informal coming-togethers of the club members. The schedule is arranged, and the first tea found Mrs. Edward Bolton chairman of a committee from the members' wives to preside. Assisting Mrs. Bolton were Mesdames J. W. Hale, William Neale, Edward Rotan, Frank Foreman, William McCall, H. A. Smith, W. W. Cameron, Charles Boynton, Lee Cowan, W. P. Killingsworth, with Miss Margaret Horst. There were two tables at which Mesdames Hale, Rotan, Neale and Boynton poured while the other hostesses received. During the hour there was informal music with Mrs. R. B. Killough in piano numbers and Miss Margaret Brown in voice. The flowers of the party were gathered in abundance and used to great advantage about the reception table. A number of the men played golf, others sat about the veranda to enjoy the company of the music. It was quite informal and yet very pleasant. There were at least one hundred fifty present, and among these a number of new-comers to the city, whose impression of Waco's cordiality and advanced club life must have been more than favorable. The second of the teas will be held on the coming Saturday.

DEPARTMENT STORE.

Several years ago an effort was made to relieve the girls behind the counter by a half holiday. The merchants did not respond cordially and there was a petition circulated among the women pleading themselves not to shop during the late hours of Saturday. It was hoped that the lack of strong evidence about the closing. Years passed, and last season the subject was again agitated. In the meantime, one of the active women of the city said, "Wait, the time is not ripe. When it is, the humane merchants will rise to the situation." That prediction is now fulfilled. Sanger Brothers have announced a Friday half holiday during the summer months. This was announced voluntarily. The women who have pleaded for the half-day rest and recreation during the long hot summer days are elated. Previously there had been no recreation spot unless there was a day in which to seek the Bosque banks or other distant spots. Now, the beautiful Cameron Park is within easy access and the half holiday with supper at the park and the cool evening means much. The women are more than pleased to do away with the Friday afternoon shopping in order that this pleasure may come into the life of the girls behind the counter. With the movement started, it is without doubt that other merchants will follow.

CARDS FOR MRS. DREIBELHS

MRS. W. W. SELEY HOSTESS

As a Saturday matinee, Mrs. W. W. Seley had a small company, principally the closer friends of Mrs. J. L. Dreibelhs during her residence in this city. As Mrs. Dreibelhs is here for a few days only this was especially enjoyed both by the nonresidents and those who had such a pleasant afternoon with her. Mrs. Seley provided for each since this was the card excitement when Mrs. Dreibelhs was a card club member in Waco. The prizes were taken by Mrs. Robert Tolson and Mrs. W. W. Pryor. A special souvenir of the afternoon was presented the honoree. In the game there were, together with a late arrival or two, Mesdames S. E. Stratton, W. B. Hays, R. L. Matthews, Frank Miller, Charles Hamilton, Ben Gray, Kendall, George McLendon, J. B. Cooper, Bart Moore, W. W. Pryor, J. P. Massey, Berne Hill, Robert Tolson, G. B. Foscoe, Allan Sanford, Chester Story, John Sleeper, Howell McCullough, Camille Franklin, J. S. Hill, J. E. Allison, Misses Greta Williams and Madeni White.

A FULL WEEK IN PROSPECT FOR SUMMER SOCIETY

With the last came of the Young Men's Ladies Euchre with Mrs. Charles Hamilton on Monday, the luncheon of Mrs. George McLendon, the bridge club with Mrs. Riley and the home tea with Mrs. Edward Rotan on Tuesday, the luncheon of Mrs. McLendon, the Domestic Science with Mrs. Pearson and the at-home of Mrs. Erwin Clark, all on Wednesday, the colonial club with Mrs. Lon Sparks on Thursday, the tag raising at Cameron Park on Friday, the golf tea at the Huaco Club on Saturday, the closing exercises of the Douglas school and the Academy of the Sacred Heart, to say nothing of the minor affairs of the week, there is a full seven days ahead, almost as exciting as a midwinter week.

PROGRESSIVE HOUSE PARTY WITH GLADYS GRIDER

Five little girls spent their first vacation week in a progressive house party. These were Misses Hester Foster, Gladys Grider, Nell Orand, Ardath Ellis and Allyne Spencer. These were first invited by Ardath Ellis for Jackbillon and then the round of homes was made until Saturday, when the party disbanded with Gladys Grider. Miss Norma Grider prepared for the pleasure of the day, a dinner, followed by the arrival of about twenty little girls, principally those of the Terrace Row neighborhood, for a succession of games and goodies on the lawn. The week included picnics, dinners, romps in Cameron Park, the rounds of the movie picture shows, and much else, for a celebration of the coming of vacation days. This is to be repeated by the same girls for the last week before school. Thus it is a welcome the coming and speed of the parting vacation.

MRS. WALTER L. AUSTIN IS APPRAISED BY WOMEN

In taking her stand against the order of the Western Union Company that no young woman in the employ of the company shall wear a low-neck or short sleeve, Mrs. Walter L. Austin certainly has the approval of all the Waco women. Indeed, Mrs. Austin is only the spokesman of those women in what she had to say in the Monday News. It is farcical, to the writer, that such an order should have been issued. Especially in the south is the low throat a boon. One feels fresher and more energetic when the air is allowed to play about the throat. Why deprive the girl of that which will make her more comfortable when at work during the summer heat? Will not the girl work to better advantage when she is comfortable? Again, the high neck is a menace to free breathing, sometimes the forerunner of throat disease. With the strain of the winter high neck is it not a health measure to have the muscles of the throat free during the months of heat? But, more than this, it seems to the writer that there is a moral question. Why restrict the personal liberty of the young American girl? If she dresses unbecomingly to decency she is not a self-respecting young woman, and as such, she should not be employed under any conditions. If the one woman wears too low a throat, why should the many who do not, suffer? Why can not that special young woman be dealt with? It is too early to have heard the voice of all the Waco women, but it goes without saying that they are a unit with Mrs. Austin that the woman will not stand for such seeming interference with personal liberty.

MISS JONES' CLASS IN PIANO GIVES RECENT

The last of the Saturday pleasures found the parents of the little folks who form Miss Mattie Jones' piano class in the parlors of Mrs. William Sleeper. There, the five little girls of about the same degree of advancement gave their numbers as the formal presentation of what their year's study had been. Miss Jones has made quite an interesting as well as profitable year with her pupils, and this was their first performance in a parlor company. It was well done, and there was commendation much of it, for each little girl. After the piano and the class enjoyed light refreshments. Those who presented the program were: Misses Katherine Meade, Frances Sleeper, Katherine Risher, Alethea Sleeper and Cherry Witsell.

THE HEBREW REST HAS LAST SESSION

With the meeting on Tuesday afternoon at 3 o'clock, the Hebrew Rest will go into summer silence. The good work goes on, but the active meetings cease. This for next Tuesday will be more of a social nature and all members are requested to be present. Mrs. B. Alexander will preside and Mrs. Jake Benedict keep the minutes.

HOME ASSOCIATION HAS GARDEN PARTY TODAY

There will be a large outpouring this afternoon after 5 o'clock on the lawn of Mrs. Edward Rotan. This will be a joint tea for the benefit of the Home as well as agathering of those interested in the work of the Home and also of the women who are interested in this work.

Society Notes.

Invitations have been issued for the marriage of Miss Genevieve Lacy of North Thirteenth to W. S. Hammond. The ceremony occurs at the Columbus Baptist church on the evening of June 15th. There will be immediate departure for a six weeks bridal trip, and a return to reside in this city.

It is noted that the Colonial Bridge with this week changes from afternoon to morning hour. Mrs. Lon Sparks is the coming Thursday hostess.

In the great excitement of the republican convention, Waco will have her participants. Mrs. Flora Cameron and Mrs. Frank Bair will go over from Buffalo with Mr. Baird, who is a delegate.

Mesdames Haymore and Oliver, who are present visitors to their sister, Mrs. Pearl Yates, are leaving early this week for their home in Chattanooga.

The first out of town guest to be announced for the Frazier-Adams wedding is Mrs. Joseph Moss of Hico, who will be the guest of Mrs. T. D. Hays on Austin street after today.

A pleasurable topic is that there is a strong possibility that Mrs. Harry Mohler, formerly Mrs. Nellie Ambold, will return to live among her Waco friends. The dis-

turbed condition in Mexico has decided Mr. Mohler to leave the republic permanently, and it is now under consideration where he will make his new abode.

Mrs. Nathan Patten, Sr. and Miss Florence Patten are leaving within a few days to summer in New York state. They will visit various relatives, principally Mrs. Marguerite Patten Prince at Ithaca.

The opera managers pronounce a perfect dearth of tenors. They say women are far in advance of men in numbers as desirable singers, and they have sufficient good baritone. But, the real tenor is almost an unknown person. Why?

Within the past week the message has come of the Morning News being read in Canada, New York City and even over in England. This means that the news of the old home goes far and wide.

In issuing her bulletin regarding the anti-tuberculosis work, Mrs. Colquitt is asking the question, "Do you know dirt?" How many can answer "I know dirt when I see it." The dirt she is talking about is not dirt on the street, but dirt on the back alley fences. This is no reflection on the women other than some do not instruct their servants and others do not see that their instructions are carried out.

Mrs. James Riley of West Austin is hostess this morning for the Tuesday bridge club.

It is noted that many are so thoughtful as to telephone the arrival of guests but do not let it be known when these depart. It is really as convenient to have one as the other known. The chronicle of persons is as much a social directory as otherwise. In making lists, as such, it is very satisfying to know just whether guests are in the home or not. Therefore, it is requested that departures are telephoned as well as arrivals.

Many mothers are wondering if there is not going to be a wading pool for the tiny tots at Cameron Park? This is always the most popular feature in a play ground.

We must remember again that when there are two hostesses there must in courtesy be left two cards for a reception.

The last wedding audience at St. Paul's church was a marvel of dignity. The nervous tension was under control and there was a dignified exit from the family seats before the audience dispersed. But, we must exercise a little more self-control and learn to leave a wedding ceremony from the front to the rear of the seats. This affords the full exit, first to the wedding party, next the families, then the preferred guests, and lastly those in rear seats.

That is all right about the woman who drives her own car. Of course, she is privileged in having that privilege but the privilege does not carry with it all the right of the road. There are others even if they do handle the ribbons behind a mere horse.

Every mother must do her part in making the first formal observation of national flag day a success by providing her children with flags, either a tiny one in the hat band or a larger one to carry during the flag raising exercises at Cameron Park.

As a sporting pleasure for Miss Berthe White, who is returning home in a few days, Mrs. Norman Shumate is giving a bowling party out at the Huaco Club this morning. There are a dozen or more of the society girls to enjoy this pleasure.

Society Personals.

Miss Nellie Dancy has gone to spend the summer with her sister, Mrs. Eugene Nolte in Seguin, and her mother, Mrs. Joseph Dreibel in Austin.

Mrs. J. Owens Carpenter has returned home to Clifton, accompanied by her sister, Miss Cora Tilley of North Sixteenth street.

Mrs. W. E. Cresson of North Fifth, is visiting her daughter, Mrs. Scott Key in Haskell.

Mrs. Kempner, who came to welcome the return of her mother, Mrs. A. F. Bolton from California, has returned home to Wharton.

Miss Mary Louise White of Fort Worth arrived on Monday. She is the guest of Miss Ruth Lennox on Terrace Row.

Mrs. R. S. Abbott of North Sixteenth, is spending ten days in Dallas.

Mrs. Jerome C. Bean spent last week with her parents, Mr. and Mrs. F. M. Gardner. She has returned home to Saint Louis.

Miss Lizzie Evans and Miss Clara Evans of North Thirteenth are on a visit to Oklahoma City.

Mrs. Bennett of Austin, who visited Miss Lizzie Evans, is now in Fort Worth pending a return visit to Waco.

Mrs. Nelson Smith is, in Mineral Wells for a few days.

Mesdames Lucile Scott and Ethel Wallace, both of Temple, have been passing visitors to Mrs. K. T. Crawford.

Mrs. G. M. Hackler of Dallas, will be this week's guest of her sister, Mrs. George McLendon, on West Austin.

KILLED BY SON-IN-LAW.

Durant, Okla., June 10.—J. L. Robinson, proprietor of the hotel at Caddo, was shot and killed there this morning by McGee, a young farmer who married Robinson's daughter Saturday against the wishes of her parents.

COMFORT.

To feel comfortable you must be dressed in clothes that are in conformity with the temperature. I have a large assortment of fabric, particularly suitable for this time of the season. Leave your measure at once with

EIGHTY-FOUR NAMES APPEAR ON BALLOT

DEMOCRATIC EXECUTIVE COMMITTEE MAKES ARRANGEMENT FOR PRIMARIES.

By The Associated Press.

Austin, Tex., June 10.—Eighty-four names will appear on the section of the democratic state executive July primaries by virtue of the action of the democratic state executive committee here today. This will include the names of 23 of the 31 candidates for congressman at large, who have announced. Because of the fact that he had registered his application to the state chairman on June 3, the limit fixed by law, the committee voted to certify the name of W. B. Featherstone, candidate for congressman at large, in face of the fact that his application was not received by the chairman until June 5. This added one name to the list of 22 published in the column of "congressmen at large," the other day.

It was voted not to certify the name of Charles T. Zich of Fort Bend, county candidate for railroad commissioner, because his application failed to specify which of the places on the commission he is running for. State Chairman Williams held that Mr. Zich could not run for both places and that his application was therefore void and the committee sustained him. The name of Edwin Waller, candidate for railroad commissioner, also will not appear on the ballot because of his conditional request to have his name withdrawn. Mr. Waller asked that the committee instruct county chairmen not to assess county candidates for changing their names on the ticket. The committee declined to do such instructions.

The race for convention honors has narrowed down to San Antonio and Fort Worth. San Antonio claims to have sixteen pledged votes out of the thirty-one committeemen. The action of the committee, however, in approving the seven proxies, given to Paul Waples, member of the committee from Ft. Worth, this morning, however, has considerably enhanced the chances of the Tarrant county metropolis for the honors.

MEN CONVICTED OF LAND FRAUDS MUST DO TIME

SUPREME COURT RULES NO GROUND FOR REVERSAL IN HIDESCHNEIDER CASES.

By The Associated Press.
Washington, June 10.—The eight year struggle of Frederick Hyde and J. H. Schneider to escape imprisonment for alleged conspiracy to defraud the government out of lands in California and Oregon ended in failure today when the supreme court found no error in their conviction in the District of Columbia. It was one of the famous "land fraud cases of its time."
Hyde had been fined \$10,000 and sentenced to prison for two years; Schneider had been fined and sentenced to prison for one year and two months.

SELZ ROYAL BLUE SHOES

— at —

\$3.50, \$4.00, \$4.50, \$5.00

A truly superb array of fashionable footwear embodying the daintiest conception of the shoe designer's art.

Read about it in the paper
Prove it in our store,
And then on your feet—
That's the way we sell
The Selz Royal Blue shoe.

SELZ

Look for this mark

WE are safe in saying that never before has such a galaxy of real "beauties" been assembled anywhere—at any time.

It would be sheer folly to attempt a description of these new models. Cold type could convey only a faint idea of their beauty. They are exquisitely modeled in every line, suiting in their daintiness and freshness the charm and grace of femininity.

Naturally we expected surprises in the way of new and distinctive designs, but our broadest flights of imagination could not have pictured a display so varied and so brilliant as this. The makers of "Selz" shoes are noted for the dashing originality of their conceptions.

For Men

Tan Russia calf, gun metal calf, velour calf and patent colt shoes in a great variety of styles and shapes. Swagger shoes desired by young men; conservative shapes older men like the looks and comfort of.

For Women

Tan Russia calf, gun metal calf and patent leather effects and fabrics in every conceivable style. Exact copies of the best \$5.00 and \$6.00 footwear that will be shown later in the season.

And don't lose sight of the fact that in spite of their daintiness and elegance SELZ shoes are made essentially for service. Underneath their beauty is durability, every pair being backed by the SELZ Satisfaction Guarantee.

Is it any wonder—these things considered—that the makers of SELZ shoes can afford to back every pair with this broad and unqualified guarantee of satisfaction.

You are sure to find a SELZ shoe that is just to your liking among the hundred or more of these new models.

HOUSE WON'T ACCEPT AMENDED METAL BILL

Rejects Measure as Altered By Senate Striking Out Part Clause.

By The Associated Press.
Washington, June 10.—The house voted today 144 to 101 not to accept the senate amendment to the metal tariff revision bill which would repeal the Canadian reciprocity pact and fix a universal duty of 52 a ton of print paper.

The house committee adopted two senate amendments reducing the duty on pig iron and certain alloys. The bill again will go to conference.

CHAPA ILL; HAMILTON CASE IS POSTPONED

On account of the serious illness of Col. F. A. Chapa, the principal complaining witness against "Captain" Frank Hamilton, the trial of the latter, which was scheduled to be called in the United States court in Austin yesterday, was postponed.

Hamilton is charged with impersonating a United States officer in connection with an alleged transaction at San Antonio recently, when it is alleged that Hamilton secured \$150 from Colonel Chapa by misrepresentation. The case has attracted considerable attention in Waco on account of the prominence of "Captain" Hamilton, who is well known here.

NEGRO CLAIMS LOSS OF TWENTY-DOLLAR BILL

Claiming that he had been touched for a \$20 bill, Edward C. Dunn, a negro, appealed to the attaches at the postoffice for assistance in locating the supposed missing money. The negro claims that he walked up to the money order window after filling out a blank for the amount of the bill. Having to wait his turn, he took a stroll in the corridor, only to discover on his return that his coveted greenback had evaporated. He says another negro was seen near the window at the time and left a money order for \$5 which he failed to cash.

CHANGE IN LINEUP LUCKY FOR WACO

WITH STEWART IN SHORT AND MILLER IN RIGHT, NAVIGATORS WIN 4 TO 1.

Beaumont Pitcher Chunks His Own Game Away With Wide Heaves to First Base.

Beaumont, June 10.—With a badly shaken up team, the Waco Navigators made it three out of four for the series today by taking the last game, 4 to 1. Stewart appeared in short, Vic Miller in right field and Reilly caught. In spite of these changes, the visitors played a glit-edged game behind Lohman and but for a three-bagger by Pitefer Martina the locals would have been shut out. Stewart, in short, played a fast game for the Navigators, handling all five of his chances like a veteran infielder. He also started two lightning doubles, with Duguey as the pivot.

Martina literally threw his own game away by throwing wild to first, the runner in two instances going all the way home before the ball was returned to the diamond. Edmiston at short also helped in the visitors' run-getting with a timely boot.

The scores:

Houston 3, Dallas 0.

By The Associated Press.
Houston, June 10.—The sacrifice hit counted in every one of Houston's three runs today, the first being squeezed over and Dallas' inability to break it up resulted in their second shut out of the series, 3 to 0 and a clean sweep of the four games for Houston. Edmiston held the visitors to two hits, one a scratch. The game dragged.

Score—
R. H. E.
Houston . . . 010 110 000—3 5 2
Dallas . . . 000 000 000—0 2 2
Edmiston and Reynolds; Bader and Plinke.

San Antonio 7, Fort Worth 4

By The Associated Press.
San Antonio, June 10.—San Antonio made it all four of the series by defeating Fort Worth here this afternoon, 7 to 4. Master of the situation for eight innings, Rogers weakened in the ninth and the Panthers scored three runs. The locals won by sheer hitting and brilliant fielding. Garinger was the star for the visitors. This made six straight won by San Antonio and thirteen of the last fifteen played. Kitchens and Midkiff collided in the ninth, each being shaken up.

Score—
R. H. E.
San Antonio . . . 200 050 000—7 14 2
Fort Worth . . . 000 100 003—4 8 0
Rogers and Smith; Maple and Kitchens.

Austin 5, Galveston 3.

By The Associated Press.
Galveston, June 10.—Falling hard on Morton in the seventh inning and hammering him for four singles and a triple, which netted five runs, the Austin Senators defeated the Pirates by a final count of 5 to 3 this afternoon, and again pulled ahead of the locals in the percentage column. The game was ragged on both sides and was another awfully all around. Ashton, Harry Moore for thirteen hits, but managed to keep them fairly well distributed.

Score—
R. H. E.
Galveston . . . 011 200 001—5 13 4
Austin . . . 101 001 500—8 15 0
Morton, Helm and H. Williams; Ashton and Smith.

BELIEVE SEER, NOW POOR.

By The Associated Press.
Boston, June 10.—On the complaint of a number of Back Bay girl servants, who say they lost many hundreds of dollars, Harry Moore has been arrested in Springfield and brought to Boston.

The police say a woman fortune teller induced the girls to come to her parlors to disclose the amounts of their savings, and that by Moore's advice the girls were led to invest their money with him on his promise to put it in copper.

Moore is charged with the larceny of \$4,287.

WOMAN, 88, PICKS COTTON.

By The Associated Press.
Athens, Ga., June 10.—An Athens cotton firm has received from Commerce a bale of cotton that was picked out of the field by a white woman 88 years old, Mrs. W. H. Gordon. The cotton graded high, as the aged woman had taken pains to remove every particle of trash from the fleece lock by lock.

GOT AFTER HIMSELF IN GAMBLING CRUSADE

Pine Bluff Prosecutor Went to Court and Pleaded Guilty—Paid \$10 Fine.

By The Associated Press.
Pine Bluff, Ark., June 10.—Having pleaded guilty himself to a charge of gaming, Prosecuting Attorney T. Havis Nixon is engaged in a crusade against social card players. He holds that they are as certainly violating the law as are those who play cards as a business.

The prosecutor went before Justice of the Peace J. A. Frazier, and pleading guilty to gaming, paid a fine of \$10 and costs. Then he caused warrants to be issued for 50 prominent men, including bankers, merchants, society leaders and even church officials who have engaged in social games of whist, poker and pitch in their own homes with their wives and intimate friends.

The district attorney reported to have lost heavily at poker and his motives have been impugned. This is the first time he has prosecuted persons for card playing, although he has been in office for years.

In a public announcement he says he assumes responsibility for all that has been done, and has no apology to offer for anything, and that "so long as I am prosecuting attorney all coons look alike to me. When I decided to turn my attention to gaming violations I made up my mind that if the little fellow that had always been hauled into court by everybody had to be arrested, made to pay his fine or go to the county farm, the fellow higher up the ladder, whom I knew to be guilty of violating the same statute, but who for some reason had never paid his fine, should head the list."

LAW AND ORDER LEAGUE ORGANIZED BY CONVICTS.

By The Associated Press.
Phoenix, Ariz., June 10.—Two hundred convicts in the Arizona state penitentiary at Florence have organized themselves into a "Law and Order League," the constitution of which sets forth the belief of the members in "God, prison reform and Governor Hunt," and names as true purpose of the league the promotion of better morals and the abolishment of crime.

The membership includes 36 percent of the prisoners, who have agreed to the following rules:

To try each day to do some good deed.

To set aside from each day a certain time for the study of pure and noble thoughts.

To assist each other in all matters of personal grievance.

To assist the officers in the discharge of their daily duties.

To avoid and prevent disorderly conduct.

To refrain from profane language.

To respect each other, assist the weak, and do all in our power to uphold the principles of prison reform and the policies of our new state.

EVERYTHING IN EVERY DEPARTMENT AT REDUCED PRICES FOR OUR

June Mark-Down Sale

The sale opened Monday morning with unusual vim and vigor. Intense interest was manifested, and when the store doors were opened the floor space was filled in the twinkling of an eye with shoppers, eager to take advantage of the savings.

All was in thorough readiness. Merchandise was displayed and marked for easy choosing. Values were greater than ever before. What was the result? When the sales sheets were footed up after closing hours, we found that a substantial increase had been made over the sales of a year ago—that people appreciated such June offerings as these.

The Marked Down Sale is going on in both stores. In the Men's and Boys' Clothing Section and the Carpet Department, in our Annex, in the other departments at our old store. Today will be another great day. Will you be with us? If you can't come, telephone, and C. O. D. orders will be filled as usual—giving you the same price advantages as if you came in person.

Watch for Embroidery Day in the JUNE SALE—Wednesday

THE GOLDSTEIN-MIGEL CO.

OLYMPIC COMMITTEE PICKS CANDIDATES

SEVERAL NEW WONDERS, AS WELL AS OLD-TIMERS, NAMED TO REPRESENT U. S.

By The Associated Press.
New York, June 10.—The American Olympic selection committee of which James Sullivan is chairman, spent the entire day in picking the athletes who will represent the United States in the Olympic games at Stockholm. From the thousand entries in each event only those who had shown the best performances were selected. In addition, there was a supplementary list arranged but the men mentioned will have to pay their own expenses.

Several men on the preferred list are old-timers in Olympic contests but new wonders like Wright of Dartmouth, in the pole vault; Horine of San Francisco, the high jumper; Niviat of the Irish American A. C., who smashed three world's records in the 1500-meter run in the past two weeks and young Drew, the negro sprinter of Springfield, Mass., are included to make fresh records.

In every event championship caliber is maintained. They will sail Thursday at 9 a. m. on the steamship Finland.

WILL RETURN NASHVILLE FRANCHISE TO KAVANAUGH

McGugin Will Dispose of Interests Unless Commercial Club Takes It Over.

By The Associated Press.
Nashville, Tenn., June 10.—Dan E. McGugin, owner of the Nashville baseball franchise, announced that he would turn the franchise back to President W. M. Kavanaugh of the league unless trustworthy parties here, preferably the Commercial Club, took it over permanently. Should he give up the franchise it is thought here that it will go to Little Rock.

Following the legal entanglements resulting from Sunday baseball, the club is said to be in debt about \$50,000. Having accepted the franchise provisionally, McGugin does not feel like he is justified in carrying it indefinitely. When he accepted, he says he was under the impression that the commercial club would relieve him of the responsibility. This has not been realized.

PATIENT IN HOSPITAL HAS VERY FRAGILE BONES.

By The Associated Press.
St. Louis, June 10.—Mrs. C. W. Norris of Chester, Ill., is being treated at a local hospital for an unusual affliction which has made her bones so brittle they break under the slightest pressure.

Her right arm was broken when she turned in bed a few days ago. She already had suffered fractures of her left arm and hip, and now she is in such a condition that she fears to move unassisted.

When the nurses turn her in bed they handle her with the greatest care lest other bones be broken. The brittleness of the bones is known to medical men as "decalcification." In the case of Mrs. Norris the decalcification was caused by carcinoma of supra-renal capsules, according to her attending physician.

RESCUED BY GYPSIES.

By The Associated Press.
Oswego, Kan., June 10.—Ashby Kirkpatrick, 16 years of age, stood on the bridge that spans the Neosho river at this place yesterday evening and shot at a fish in the water. He lost his balance and, with the gun in his hands, fell to the stream, 30 feet below to one of the gypsies were camped at the bridge and rescued him from drowning. He lost several teeth and was cut and bruised.

STUNG.

Suffragette—I defy you to name a field of endeavor in which men do not receive more consideration than women.

Voice from crowd—What about the bally ballet?—Punch.

Local News Notes

Postmaster W. H. Hoffman left yesterday afternoon for San Antonio, where he will be in attendance at the annual meeting of the state postmasters' association which convenes in that city this week.

Col. Morgan Silvia, a well known broker of East Texas, was among the visitors noted upon the streets of Waco yesterday. Col. Silvia hails from Troup, Smith county.

George Fuller, of Troup, Texas, was a visitor yesterday.

R. T. Dennis, J. P. Aassey and Holt Massey were a touring party to Fort Worth on Sunday. The car in which the party went was exchanged for a fine seven-passenger machine which Mr. Dennis will drive.

Aubrey Evans graduates from the engineering department of the State University on Wednesday. He returns for a short vacation and then goes to accept a position which has been offered him in Schenectady, New York.

R. G. Patton is at home from Little Rock.

Waller S. Baker is out of the city for a few days.

Hood Hill is up from Brownsville for a home visit.

Mr. and Mrs. Clarence F. Cato, of Winters, Texas, are visiting friends and relatives in this city.

S. L. Copper, district agent for West Texas of the Amicable Life Insurance Company, is a Waco visitor.

JURY IN ROSS CASE HAS NOT REPORTED

At a late hour yesterday evening the famous damage suit case of Harvey E. Ross against the Oklahoma Fire Insurance Company, in which the plaintiff seeks to recover damages to the amount of \$56,000, was still in the hands of the jury in the Nineteenth district court. The case went to trial more than a week ago and has been bitterly contested by both sides. The jury went out Saturday afternoon and has deliberated since that time with the exception of Sunday.

A. M. DOWNIE DIES IN BROWNVILLE

News was received in this city yesterday of the death of A. M. Downie, which occurred in Brownville recently. Mr. Downie was well known in Waco, having at one time been connected with the Thos. Goggin Piano company here. He had a host of friends in this city who will regret to hear of his demise.

FOR SAKE OF A CHILD.

Kansas City, June 10.—"The parents of young children should not be divorced under any circumstances," said Judge E. L. Fisher of the Wyandotte county district court in denying the divorce asked by Frank L. Cooke from Bessie V. Cooke. Their child, Frank, a bright little 5-year-old, played about the court room in the meantime.

"The testimony shows nothing serious," continued the judge. "You should be reconciled for the sake of your son, who loves you both."

After the trial, Mrs. Cooke, who lives at 601 Washington boulevard, Kansas City, Kan., departed with the child. Mr. Cooke is a clerk in the freight office of the Atchafalpa, Topeka & Santa Fe railroad and resides at Fifteenth street and Garfield avenue, Kansas City, Kan.

DIAMOND EL TORO. We Are Here to Serve You. Keep Us Busy.

What an interesting fact—the two biggest things of their kind in the world are, in this city, the two largest cereal food factories in the world under one roof. The United Cereal Mills, Ltd., manufacturers of Washington Crisps, and the Washington Crisps plant, as is now well known to the American people, is the biggest thing of its kind in the world, at its price. The big, hand-made package of Washington Crisps, with its SUPREME quality of cereal food, has become so popular throughout America, that even the largest cereal food factory in the world is not big enough to supply the ever-increasing demand for this delicious, strength-building, health-giving food, and another big food factory has been fully equipped at Buffalo, N. Y., and is now turning out

MYRIADS OF MILLIONS OF

Washington Crisps

every day, serving the eastern section of the United States with this crisp, whole food, which tickles the palate of every member of the family—gives every one a better appetite, and causes them to pass the bowl for more.

More for 10¢ High cost of living

Washington Crisps are made from the finest white corn grown in the celebrated Corn Belt of the United States, with pure cane sugar and salt added. They are thoroughly steam cooked, tested, delicately crisp, and are all ready to serve. Every package bears the unqualified GUARANTEE of the manufacturers that every ingredient in WASHINGTON CRISPS is of the highest quality as the ingredients used in the manufacture of cereal foods of ANY other make. REGARDLESS OF THE COST, and the further guarantee that Washington Crisps are made under the MOST PERFECT SANITARY CONDITIONS POSSIBLE TO CREATE, IN MILLS THAT ARE SPOTLESSLY CLEAN, AND BY HIGH CLASS, SKILLED WORKMEN. Washington Crisps, during all the processes of manufacture, from flaking to packing, never touch human hands—everything is done by automatic machinery.

Grocers are glad to help the public reduce the HIGH cost of living

The fact that the 270,000 retail grocers in America are so glad to help the public reduce the HIGH cost of living, so far as cereal food is concerned, and both merchant and consumer instantly recognized this—because our big sales of SUPREME quality Washington Crisps to millions and millions of Americans. Every family in America, which REALLY wants to REDUCE THE HIGH COST OF LIVING, should support, by their patronage and influence, PURE food mills, which give MORE pure food of SUPREME quality, for the same money. Handmade Food Package in America—Two superlative gifts of George Washington to every package, in colors, handsome enough to frame, or use as a gift, to "Dad" or "Mother". The SUPREME quality—the LARGEST quantity—the SMALLEST price—is it any wonder that Washington Crisps are

"First in the HOMES of his Countrymen"

in almost every State in the Union.

COTTON SHOWS MUCH STRENGTH; CLOSE STEADY

ADVANCE CARRIES PRICES INTO NEW HIGH RECORD FOR MOVEMENT.

New York, June 10.—The cotton market showed considerable strength and closed very steady at an advance of 17 to 19 points net. The opening was steady at an advance of 5 to 9 points on better cables than expected, reports of a more active spot demand in Liverpool and apprehensions of unsettled weather. The advance carried prices into new high records for the movement, and while slight recessions occurred from time to time, the best level of the day was reached in the late trading, when October contracts sold at 11.58, or about 4 points above Friday's high figures. Closing prices were at practically the best of the day. Leading spot interests continued buyers of near months here against sales of new crop deliveries, and July was relatively firm at the close.

Receipts 7687, against 3253 last week and 2735 last year. Today's receipts at Galveston 1948, against 819 last year; at New Orleans 1127, against 577 last year; and at Houston 599, against 126 last year.

NEW ORLEANS COTTON UP.

New Orleans, June 10.—Cotton futures opened steady at an advance of 8 to 9 points at the first hour of business. Prices were 10 to 12 points up. The market had a firm undertone throughout the morning. At noon prices were at the highest, 17 to 24 points up. The market continued firm in the afternoon, and trading up to 2 o'clock went to a level 19 to 27 points over Saturday's final quotations. The close was steady at a net advance of 17 to 23 points.

LIVERPOOL FUTURES.

Liverpool, June 10.—Futures opened and closed steady. June 6.24, June-July 6.28 1/2, July-Aug. 6.30 1/2, Aug.-Sept. 6.31 1/2, Sept.-Oct. 6.27 1/2, Oct.-Nov. 6.24 1/2, Nov.-Dec. 6.23 1/2, Dec.-Jan. and Jan.-Feb. 6.22 1/2, Feb.-March 6.23 1/2, March-April 6.24, April-May 6.25, May-June 6.26 1/2.

LIVERPOOL SPOTS.

Liverpool, June 10.—Spot cotton, good business done, prices unchanged to 4 points lower. American middling fair 7.16, good middling 7.24, middling 6.48, low middling 6.18, good ordinary 5.76, ordinary 5.31. Sales of the day 10,000, of which 500 were for speculation and export, and included 9000 American. Receipts 13,000, all American.

COTTON SEED PRODUCTS.

New York, June 10.—Cotton seed oil was quiet but firm, speculative buying on account of the strength in lard and cotton. Futures closed 4 to 6 points net higher. June 6.77, July 6.90, Aug. 6.93, Sept. 6.95, Oct. 6.97, Nov. 6.99, Dec. 7.01, Jan. 7.03, Feb. 7.05, March 7.07, April 7.09, May 7.11, June 7.13. Prime crude nominal, prime summer yellow 6.75, prime winter yellow 6.85, 70c. Total sales 7200.

MEMPHIS—Prime basis oil 5.59, 60c. Meal 29.00. Linters 2 1/2, 4c.

NEW ORLEANS—Cotton seed oil, prime refined in barrels, sold 7.15c. Choice meal, 8 per cent ammonia, per long ton 22.50. Choice cake, per long ton 22.50.

ST. LOUIS WOOL.

St. Louis, June 10.—Wool, steady; medium grades combed and clothing 20 1/2c, light fine 15c, heavy fine 12c, tub washed 27c.

NEW YORK DRY GOODS.

New York, June 10.—There were some fair sized orders for prints from western and southern jobbers. Bleached goods are in better demand. Napped fabrics for the cutting trade are being re-ordered liberally. Yarns rule steady and quiet. Jobbers are preparing for clearance sales, preparatory to inventorying.

It's hard to find anything in the dark; even cities may be overlooked. Brighten up.

GOVERNMENT ISSUES JUNE GRAIN REPORT

WINTER WHEAT YIELD ESTIMATED AT MUCH LESS THAN LAST YEAR.

Washington, June 10.—The June grain report of the government, giving the acreage, not previously announced, planted to the various important crops, the condition of the growing crops on June 1, the indicated yield per acre, and estimated the average condition on June 1, 1912, based upon the ratio of the final yield in the five years 1906-1910, as reported by the corresponding agents and of the bureau of statistics, department of agriculture, was issued today by the crop reporting board, as follows:

Spring wheat—Acreage 19,201,000, compared with 20,100,000 acres last year. Condition 95.8 per cent of a normal, compared with 94.6 per cent last year and 93.8 per cent, the ten-year average. Estimated total production 265,000,000 bushels, compared with 199,582,000 bushels last year.

Winter wheat—Acreage 25,744,000, compared with 23,162,000 acres last year. Condition 74.2 per cent of a normal, compared with 80.4 per cent last year and 80.9 per cent, the ten-year average. Indicated yield per acre 14.1 bushels, compared with 14.8 bushels last year and 15.5 bushels, the five-year average. Estimated total production 363,000,000 bushels, compared with 439,556,000 bushels last year.

All wheat—Indicated yield per acre, 14 bushels, compared with 15.5 bushels last year and 14.6 bushels, the five-year average. Estimated total production 628,000,000 bushels, compared with 621,338,000 bushels last year.

Oats—Acreage 37,844,000, compared with 37,763,000 acres last year. Condition 91.1 per cent of a normal, compared with 85.7 per cent last year and 88.4 per cent, the ten-year average. Indicated yield per acre, 29.38 bushels, compared with 24.1 bushels last year and 28.4 bushels, the five-year average. Estimated total production 1,120,000,000 bushels, compared with 922,298,000 bushels last year.

Hay—Condition 89.8 per cent of a normal, compared with 76.8 per cent last year.

STOCK EXCHANGE DULL AND PERFUNCTORY

SUPREME COURT'S NOT RENDERING EXPECTED ANTHRACITE DECISION IS FACTOR.

STOCK EXCHANGE, 24.

New York, June 10.—An unusual variety of incidents and developments, only one of which was the government crop report, constituting a factor of more than passing interest, combined to provoke a very dull and perfunctory stock market session today. The trading was without much significance from start to finish. In the early hours American Bond Sugar, American Sugar common and New York Airbrake rose 1 to 2 points. During the afternoon the market lapsed from dullness into utter apathy, until the final hour, when it became known that the United States supreme court, which was holding its final session prior to the summer adjournment, would not render a decision in the long deferred anthracite case. Concurrent with this was the publication of the crop report, which revealed a further serious damage to winter wheat. The undertone at the close was regular.

Bonds unchanged. Total sales, par value, \$1,848,000. United States government registered 4s declined 1/2 per cent on call.

RED FLAG OVER "SPITE FENCE."

Seabright, N. J., June 10.—Millionaire colonists of this place were startled today to notice that James M. Alger, of "Spite Fence" fame, who was just sentenced to six months in jail last July because he persisted in hurling defiance at his wealthy neighbors, had topped the fence with a flagpole from which waves a red flag.

Alger served only two months of his sentence after promising to tear down his fence and cease his sign posting. Recently he returned to town and the new fence suddenly went up.

MINNESOTA FIRE KILLS BELF.

Baltimore, June 10.—Heartbroken because of the eyes that made it impossible for him to run the fires as he had been doing for three score years, Samuel T. Dukehart, a jeweler, long a leader of the Veteran Volunteer Firemen, and one of the best-known figures at big fires in Baltimore for more than half a century, shot himself at his home, 205 North High street.

He was found dead yesterday morning. When the bells clanged for the fire at the Eutaw house he started, but his eyes were burning with an intense pain, and he had to return home.

Never before, so far as the record of the volunteer firemen and that of his sister go, had he missed a fire since he was old enough to walk or run.

NOT PATERNAL.

"We are drifting toward a paternal form of government," said the economist.

"Pardon me if I correct you," responded the suffragette, gently. "To be accurate, you should say a maternal form of government."—Washington Star.

GRAIN MARKET NOT JARRED BY CROP REPORT

BULLISH FIGURES IN GOVERNMENT STATEMENT COME TOO LATE IN DAY FOR FLURRY.

Chicago, June 10.—Bullish figures in the government crop report came too late today to affect the price of wheat. The Washington estimate of the total yield this season proved to be 20,000,000 under the most generally accepted prediction that had been current in Chicago. How far these figures were from being prepared for such news might be judged by the fact that the market had been weak all day and had finished at 3 1/2c net decline. Corn closed 3/4c down and oats 1/4c down. The outcome in provisions was 7 1/2c increase in cost.

Most of the day wheat speculators took a passive attitude until they could hear definitely from Washington.

Only scalpers bought corn. The weather was favorable for the crop and statistics were generally against the bulls. Local stocks increased 600,000 bushels for the week.

Realizing sales by longs resulted in a basket for oats. The government estimate of the oats crop turned out 12,000,000 bushels larger than the trade here expected.

Facilities buying hogs freely at the yards forced shorts to cover in the provision pit.

LIVESTOCK.

Fort Worth, June 10.—Cattle receipts 5200; steers steady at \$5.25 to \$7.50, cows steady at \$3.25 to \$5.00, bulls steady at \$3.50 to \$4.25, calves (receipts 2500) steady to 25c lower at \$4.75 to \$7.25. Hog receipts 900; market strong; hogs \$7.00; bulk \$7.65 to \$7.85. Sheep receipts 300; market 25c lower; ewes and wethers \$4.00.

KANSAS CITY—Cattle receipts 1600, including 500 Texans; market strong; fair to good \$6.50 to \$8.15, western steers \$4.75 to \$8.25, southern cows \$3.50 to \$5.50, native cows \$3.00 to \$5.00, native heifers \$4.50 to \$8.25, bulls \$4.00 to \$6.50, calves \$4.50 to \$8.00. Hog receipts 6500; market steady to 5c higher; bulk of sales \$7.40 to \$7.65, heavy \$7.55 to \$7.65, hawks and butchers \$7.45 to \$7.65, lights \$7.20 to \$7.35, plus \$5.15 to \$6.85. Sheep receipts 5500; market steady; lambs \$5.50 to \$9.00, yearlings \$4.50 to \$5.75, wethers \$4.00 to \$5.00, ewes \$3.75 to \$4.40, stockers and feeders \$2.50 to \$4.00, Texas goats \$2.00 to \$3.25.

CONVICTS ON THEIR HONOR.

Leavenworth, Kan., June 10.—One hundred convicts of the state prison at Lansing will be engaged in road improvement work before the end of June. Twenty will be assigned to the Lansing-Kansas City, Kan., road, while others will begin work on the Leavenworth-Kansas City road, the construction of which by convict labor was authorized during the last session of the state legislature.

It is said to be the intention to place no guards over the convicts engaged on the river road work, Warden Coddling preferring to place the men on their honor not to escape. The men will live in camps near where they are employed. Leavenworth and Wyandotte counties and the state are co-operating to make these roads the best in the middle west. Free convict labor makes this possible without great expense.

AMUSEMENT CENSORSHIP.

Denver, June 10.—An ordinance based on the result of a dozen years' observation by Judge Ben B. Lindsey of the juvenile court, establishing a wide censorship over all forms of public amusements for the protection of young men and women drafted last night at a conference between Mayor Arnold, Police Commissioner Cress and Judge Lindsey. Its passage is a foregone conclusion under the reform administration.

No girl under 18 will be allowed in a public dance hall after 9 o'clock unless accompanied by her parents. All young people must register on entering such places, and dances, unless specially permitted, must close at 12:30. The regulations exclude children, unattended, from moving picture houses except on holidays and after school hours. None under 16 will be allowed after 7 o'clock. Special colored tickets will be required for children, and weekly report of their sale must be made to the juvenile court.

TOO WASTEFUL.

A woman in New York, asking for divorce, charged that her husband threw three dozen eggs, a bottle of wine and a fruit cake at her. Such a state of affairs was enough to provoke any housewife to the point of separation from such a wasteful spouse in these days of the high cost of living.—Baltimore American.

EDITORIAL

LOVE IS VISIBLE.

Where there is much smoke there is fire, where there is a cough it can not be concealed, and likewise love betrays itself as easily—in fact, can scarcely be hidden. And that is one of the most beautiful things about love. It shows itself in a thousand dear ways, even though there be naught of tangible caress. It is ever thoughtful, ever full of courtesy to the beloved one. The meaningful tone, the impassioned glance, the drawing of soul to soul, are shown in the daily life together, be it from father, mother, son, daughter or sweetheart. Ah, love, 'tis glorious, 'tis such an inspiring thing, thrilling one with the rich red wine of life, the joy of conquest, the ambition of being and doing great things, to lay at the feet of our beloved. Yes, that makes us hug pain the closer, that by so doing we may prove that our love is real. Ah, how different the tasks of the day when love guides our lives, for are not these prosaic things lightened and glorified with the anticipation of the homecoming and the sojourn together of the night, whose thousand eyes and lady moon lend radiance and enchantment to the dreams sleeping and waking, which make up the sum of our bliss, and give strength for the toil of the morrow. Love, love, let us fill all the world with love, for through its enchantment the rough way becomes smooth, the toil loses half its wearying and the rest time is a song of joy and gladness. And pity the one too old, too callous to thrill with the joy of loving and being loved.

The fact that Chihuahua has authorized the issuance of \$1,000,000 worth of bonds to finance the revolution of Orozco has greatly strengthened his cause and renders the situation for foreigners in Mexico much more grave. It is the general belief among those who come from Mexico that when the United States sends troops into Mexico, it will be the signal for the massacre of all the foreigners who can not make their escape.

Champ Clark's friends claim that he will have a majority of the delegates to the national democratic convention and will be able to eventually secure the nomination. When he first started out the boys kicked his houn' dog aroun', but the dog kept on running.

This is a good old world after all, though it seems pretty hard at times. There are always people who are ready to help those who are trying to help themselves, and it is generally the unworthy person who you hear crying that there is no kindness and no sympathy in the world.

Mr. Rosewater and the rest of the national republican executive committee, after listening to Senator Borah for a few minutes, decided that it were better to let him have it out at one time than to be hearing from him in pyrotechnical language on the installment plan.

We bother too much about what is going to happen that will make hard times for us, instead of going right along, working hard, just as if times were always good. The truth is that most of the hard times are only in the mind.

If there is any virtue in making rain by explosives there ought to be plenty of rain during campaign years. There should have been a flood in the east recently, where Taft and Roosevelt have been dynamiting each other.

If you must blame some one, do it as softly as possible but when you have words of praise do not put on the soft pedal.

Do not wait until tomorrow to reform; today is really too late to do that which should have been done yesterday, and as for waiting until the morrow—tomorrow never comes.

Taft seems to be getting the best of the contests before the national republican executive committee. It gives him a much better chance to receive the nomination.

COMMITTEE SLIPS TAFT 12 CONTESTED VOTES

Continued from Page 1.

world know that he was chosen by men who were not elected by fraud than are the friends of those who will be defeated.

"Every one here knows what my alliances are, hence you know the question we will have to meet is whether or not the nominee receives the nomination at the hands of honestly named delegates or from the hands of those elected in contravention of the wishes of the people.

"It is in the air that the contest from the time the convention closes until the votes are counted in November will be the most severe and difficult since Lincoln was elected the second time.

"Of what use to go before the country with the results of a questionable convention? It would be better for us to sit here until the dawn tomorrow, and the day after, and the day after that, than to cut off the proof that is here offered.

"If you expect to win here, and win there, make your record so it can not be attacked.

"I appeal to you, not as the representative of Col. Roosevelt, but as the representative of the republican voters of the country.

Country at New Era.
"You know that we have arrived at a new era in national politics. The people have arrived at the conclusion that they have been lethargic. They will demand the reasons why we have seated certain delegates. Let us admit all the evidence. Otherwise the people will feel that their will has been ignored. I appeal to you in the name of the rank and file of the party that these contests be conducted upon a fair basis."

When the Borah motion to admit the new evidence was finally put to the committee it was defeated, 30 to 20. Chairman Victor Rosewater of Alaska and Alva H. Martin of Virginia both voted to admit the evidence, but declared they by no means conceded that it would be conclusive. The Taft attorneys then took up the presentation of the case. A G. Graham of South Bend said that F. W. Kellar, a Roosevelt contestant delegate, was one of the county chairmen who framed the rules under which the district convention was held.

Committee member New, as Mr. Graham finished, said he would have no objection to admitting the debated affidavits. "Now we have established the precedent against extending these hearings," he said, "I have no objection to accepting these affidavits."

Says Committee Scared.
"Why such a sudden change of front?" demanded Senator Borah. "Is this committee trying to reverse itself in 20 minutes?"

"This is simply a request for unanimous consent now that we have decided it shall not be a precedent," Mr. New said.

"When did this revelation come?" demanded Borah. "What has scared you, what has happened to you?"

"You can't scare us," retorted Stevenson of Colorado. "We are simply trying to get the facts in this case."

"You are scared," stated the Idaho senator. "You're the worst scared men I ever saw and I want to know what's happened to you."

"If we admit these affidavits now, is not the precedent established?" Senator Borah demanded with emphasis. "I ask again, what is this change of front? What has come over you? I am in favor of admitting these affidavits but I want the same privilege to be extended in future cases."

Senator Borah moved that the affidavit be accepted as evidence. Mr. Stevenson offered an amendment that the affidavits be accepted but that the action be not regarded as a precedent.

Demand Roll Call.
The Roosevelt leaders demanded a roll call on the Stevenson substitute but they could not get 20 members to support the demand. The substitute was adopted with the Roosevelt forces voting "no."

Chairman Rosewater then put the amended resolution to a vote and again a roll call was refused. The resolution to admit the affidavits without establishing a precedent was then adopted, the Roosevelt voting "no."

LAYING FOR DELEGATES.
Four headquarters at Chicago Arranging Reception Committees.

By The Associated Press.
Chicago, June 10.—The stage setting for the republican national convention was completed today with the opening of La Follette and Cummins headquarters at hotels. Cummins headquarters were established in the same hotel that houses the Taft and the Roosevelt workers. The La Follette headquarters is situated six blocks from the others.

The several headquarters tonight completed plans for the reception of delegates. Special committees to handle the delegates have been named and will be their duty from this time until the close of the convention to make a direct appeal to each individual and to campaign managers of each candidate for their nomination, despite instructions to the contrary. No possible vote in the convention will be overlooked and any inclination among delegates of sullying sentiment will precipitate a lively scramble among the managers.

A number of prominent Roosevelt leaders today declared reports of a possible split by the Roosevelt delegates in case the president's friends succeeded in nominating Mr. Taft were without reasonable foundation.

Senator Borah of Idaho said: "No bolt for me. I have not ever considered such a possibility." The Roosevelt headquarters were particularly active with meetings and conferences this afternoon and tonight.

"We've got 'em skinned in spite of the work of the national committee," said Judge Garfield of Ohio, who was secretary of the interior under Roosevelt. This committee cannot stop the nomination of Roosevelt.

"This nation has been aroused as it has not been in a presidential campaign of recent years and the desire is on the side of the progress siver."

Franklin MacVeagh, secretary of the treasury, visited the Taft headquarters during today and said the president would be nominated on the first ballot.

"Things are looking bright for President Taft," said Mr. MacVeagh. "His friends here will be nominated on the first ballot, thus disposing of a lot of discussion that might follow. The contests which the Roosevelt faction has instituted are not well founded. The action of a committee in voting them to President Taft with practical unanimity is clear evidence of this."

Oscar R. Hundley of the Ninth Alabama district, from which district the Taft delegates were seated by the national committee, today sent a telegram to President Taft protesting against the action of the committee. The telegram cited the contentions of the Roosevelt delegates from this district and said in part:

"The majority of the national committee have voted to unseat the regularly elected delegates from the Ninth district of Alabama. Do you vouch for this unheard of act on the part of your partisans and do you desire your nomination secured by such methods?"

JEFF DAVIS ADDRESSES BOILERMAKERS' MEET.
Convass of Vote on Sympathetic Strike With Shipmen to Be Feature.

By The Associated Press.
Little Rock, Ark., June 10.—The International Brotherhood of Boilermakers and Iron Shipbuilders of America opened its tenth biennial session here today with delegates present from practically every state in the union and from Canada. The day was devoted to the work of preliminary organization.

Senator Jeff Davis of Arkansas delivered an address this morning in which he declared that there should be an association of all labor organizations in the country in order to compel capital to give labor its just rewards.

The canvassing of the vote taken on the question of ordering a sympathetic strike in support of the striking shipmen on the Harriman lines will be one of the important features of the convention. The vote will be canvassed within the next few days. It is expected that the meeting will continue for ten days.

ARRESTED LEAVING PEN.
Little Rock, June 10.—When Jack Barnett, who has a dozen aliases and a police record, which, according to the national bureau of criminal identification, consists of 19 arrests in cities in all parts of the United States, was released from the Arkansas penitentiary tonight, he was re-arrested by Sheriff J. S. Hendrix of Hopkins county, Ky. Sheriff Stanley and his prisoner left for Kentucky on a midnight train.

Barnett had just been released after serving a four-year sentence for burglarizing a Little Rock pawnshop. Sheriff Stanley said that after a jewelry store robbery in Dawson Springs, Ky., a letter written to Barnett by his mother in Texas was found on the floor.

REBELS ATTACK AMERICANS AT YIGO
SOUTHERN PACIFIC AGENT IN SINALOA, HIS WIFE AND ANOTHER INJURED.
Railroad Appeals to Federal General to Take Action—Orders Stations Closed.

By The Associated Press.
Tucson, Ariz., June 10.—Officials of the Southern Pacific railway of Mexico have appealed to Mexican federal generals at Tepic to take action against the band of rebels who shot and seriously wounded R. H. Ward, Pumper Marsh and Mrs. Marsh, Americans, at the station of Yigo, Sinaloa, yesterday.

After wounding Ward, the rebels attacked Marsh, tying him while they searched the station for valuables. Then they robbed Marsh and his wife of their clothes and \$125 in cash and attempted to kill them. It was reported here. Both will recover.

Besides appealing to the federal generals to take action against the rebel marauders, the railroad officials telegraphed to their agents and others in that section to leave at once on hand cars, taking all portable property with them.

In Onion There Is Strength for This East Wacoco

Jim Bagby is the original onion king of Central Texas.

The honor came unexpectedly and almost unconsciously to him. Bagby resides in East Waco, where he conducts a small truck farm. Always of an observing turn, he read in the newspapers of the immense fortunes which have been and are now being made in the onion industry in South Texas. Bagby had an idea. The idea soon evolved itself into a reality. Before his neighbors hardly realized what was going on upon the little truck farm in East Waco, two acres of his fertile ground was literally alive with a "strong" argument for diversified farming.

In other words onions were growing at a 2-to-1 rate, where a less profitable crop had been grown before.

The answer will be found at the Bagby farm any day. The wise farmer has conservatively estimated that his two acres will produce in the neighborhood of 7000 pounds of "muscovado" onions. Figuring on this basis it is plain to be seen that at 1-4 cents per pound the current price, which is a great expense, the Waco onion growers will not be compelled to contend with a bountiful nature has provided the central Texas farmer with plenty of moisture from the heavenly regions. Irrigation is an unknown quantity in this God-favored section.

The news that onions of the very finest quality and of unusual dimensions are being grown here with practically no expense, and with the minimum of trouble, is gratifying news to the truckers and farmers who are always alive to their best interests. Samples of the onions from the Bagby farm were exhibited at The Morning News office yesterday, the smallest of which measured 1/2 inches in diameter. They were of the white wax or Bermuda variety, and are a fair sample of the crop.

All of which goes to show plainly, "where there is onion there is strength."

PLAN HARMON CAUCUS.
Baltimore, June 10.—A general caucus of all delegates pledged or favoring to Governor Harmon of Ohio for the presidential nomination is being planned by Harmon leaders who established local headquarters here today. The caucus will be held some time before the democratic national convention meets.

The "back to the farm" movement will receive a great impetus if you improve the public highway.

TAFT CAN'T WIN HONESTLY
(Continued From Page 1.)

total vote, and in which the delegations represent only the office holders. Even if he gets practically all the delegates from these states he can not be nominated unless by deliberate fraud in such states as Indiana, Michigan and Washington, not to mention others, where the republicans are defrauded out of their right to express their preference as to who must get their vote.

Disregarding Majority.
"He can be nominated only by disregarding the expressed will of an overwhelming majority and over two and a half million republicans who, from Massachusetts and Pennsylvania to Illinois and California, have voted as to their choice for president. Under such circumstances his nomination would represent the overriding of the expressed wishes of the people by Messrs. Barnes, Penrose, Guggenheim, Powell Clayton and the rest."

"But I wish to call attention to the fact that it is Messrs. Barnes, McKinley and their assistants, on behalf of Mr. Taft, who are engaged in the effort to perpetrate the gravest wrong upon the republican party and upon the people of the United States. United in such action, they stand not as representatives of the republican party, but as individuals misrepresenting from it and whom it is the bounden duty of that party to repudiate. I wish to call the attention of the honest men who have hitherto supported Mr. Taft that the issue is now one of naked right and wrong, and that they can not support or acquiesce in the action of those who, under the circumstances given above, are seeking to nominate Mr. Taft without being false to the principles of good citizenship."

McKINLEY PLAYS TEDDY.
Says Decisions of Committee Prove T. R. is a Bad Man.

By The Associated Press.
Chicago, June 10.—Congressman Wm. B. McKinley, manager of the Taft bureau, tonight issued a statement in part as follows:

"By the unanimous vote of the republican national committee today, including such well known supporters of Theodore Roosevelt as Senator Borah of Idaho, Cecil Lyon of Texas, Pearl Wright of Louisiana, the Taft delegates at large from Indiana were ordered seated in the coming convention over the Roosevelt delegates at large who contested their right to seats."

"May 5, in a written statement issued at Oyster Bay in reply to President Taft's speech in Baltimore, Theodore Roosevelt said:

"In Kentucky, Indiana, New York City and elsewhere Mr. Taft knows well that the delegates elected for him represent bare-faced frauds. He stands guilty of connivance and condonation of these frauds."

"This is a most appropriate illustration of the unbridled manner in which Mr. Roosevelt, throughout his entire campaign, has assailed the republican party, its principles, its president and its leaders everywhere. If Mr. Roosevelt does not have his way he denounces everybody and everything in sight, regardless of the merit of his cause and in defiance of all square dealing."

"The absolute bad faith of Mr. Roosevelt in bringing contests such as these before the republican national committee is again emphasized by the unanimous decision against him."

McNAMARA SLEUTH ON STAND.
By The Associated Press.

Los Angeles, June 10.—Warning witnesses to keep out of the state and notifying prospective jurors in time to evade service, when thought to be unfavorable to the defense, were part of his duties as an "investigator" for the McNamara defense, according to P. J. Cooney, who took the stand today in the trial of Clarence S. Darrow for alleged jury bribery.

TAFT PLAYS GOLF.
By The Associated Press.

Washington, June 10.—President Taft had an opportunity to mix golf and international politics today. Shortly after he returned to Washington and had lunched at the white house with Vice President Sherman, the president motored to Chevy Chase, where he spent the afternoon on the links with Secretary Knox.

IN HOME VOLCANO.
By The Associated Press.

Washington, June 10.—The Alaskan volcano in amount of precipitation and extent of territory covered will rank among the biggest similar disturbances of modern times, according to private dispatches received here tonight. St. Paul, Wood Island and Kodiak are reported buried to a depth of a foot by an eruption of 48 hours' duration.

A good way to build a city is to start something.

CLARK DEFENDS CONCORD H. D.
By The Associated Press.

Pierre, S. D., June 10.—Revised figures of the South Dakota primary election, with nine counties missing, indicate that Wilson delegates won in the democratic contest. Clark insists, however, do not concede the state. Latest figures give Wilson delegates 4558; Clark delegates, headed by Lee, 3949.

TRAINS CAN RUN WET THROUGH DRY COUNTRY.
By The Associated Press.

Washington, June 10.—Under a decision today by the supreme court, trains, going through Indian reservations, may remain wet.

Jeff and the German Admiral Must Have Gone to Heidelberg Together. Drawn Especially For The Morning News, By "Bud" Fisher
